

# BOGG MINISTRIES

## LOVE PEOPLE. FEED PEOPLE. | 2025 ANNUAL REPORT

Whenever someone asks why **BOGG** has stuck to loving and feeding people for over sixteen years, we are glad to share that it's because we like to keep things simple! As an organization we want to remain humble and stick to what we know to best serve those who support us and those who are supported by us. Love the way you want to be loved and make sure anyone who needs food gets it.

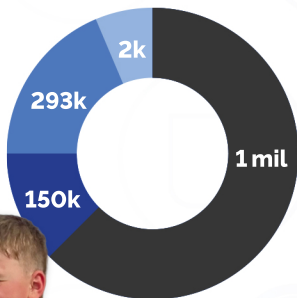

When we get the chance to do what we're passionate about, in an authentic way, our communities are better than they were when we started. **Keep being awesome Dayton!**
